# Quincy Blue Devil Basketball

Welcome to the 2017 Blue Devil Basketball Camp. We are very excited to start the summer off in the gym working to become better basketball players and better people. The coaching staff and players are excited about the opportunity to teach you about the game we love and give you the tools you need to succeed. I am confident that you will find this to be a fun experience for you and your friends.

Our goal is to provide an opportunity for students to learn more about the game of basketball. We also want to teach valuable skills that will help players with all levels of experience as they continue playing the game. Our coaches and players will be there every step of the way to make sure you get the best out of your time.

Don't miss out on this great opportunity. We know that you will enjoy the camp and all of us are eager to get on the floor. **GO BLUE DEVILS!**

**Head Basketball Coach**

**Andy Douglas**

Coach Douglas just finished his 7<sup>th</sup> year as head varsity basketball coach, second at Quincy High School. He has compiled a record of 141-58 in his four years. Coach Douglas has coached for 14 years at all levels in this program. The lessons he has learned on the court are valuable and are taught throughout the week of camp.

“One of the goals we have for this program is to bring back the excitement that this program has seen over the years. In my opinion this is a great way to start it. Working with the youth and getting them excited about being a part of a storied program is great!

This camp is a great opportunity to expand on the skills involved in the game of basketball. No matter what the level, you cannot work on the fundamentals of the game enough. Our program goal is “constant improvement”, and we really focus on that throughout the week of camp.

It is a blessing to be a part of such an excellent basketball program. Our focus now is to teach the kids in this community the fundamentals they need to grow as a basketball player. Our players and coaches are excited about the opportunity to work with the area's youth.”  
Coach Douglas
